Background

The Medical Concierge Group Limited is a healthcare service provider licensed to offer doctor consultations, laboratory, pharmacy and clinic services while leveraging technology. Through its brand service; Rocket Health, these services are offered to both retail and wholesale clients.

Rocket Health is looking to expand and scale its wholesale business across a range of pharmaceutical products, cosmetic products, clinic and laboratory consumables and other healthcare related items. Orders made to the Rocket Health wholesale pharmacy will be made conveniently via a customer friendly online platform and all orders delivered to the customers' premises countrywide.

The Rocket Health team is seeking the services of a consultant (individual or organization) to carry out an extensive pre-launch market survey that will provide deeper insight into the operationalisation of the wholesale business countrywide.

Objectives

1. To scope out and document the existing processes and related pain-points (challenges) in the procurement and logistics for pharmacies, clinics, laboratories, cosmetics shops and hospitals during their wholesale purchases.
2. To establish the current wholesale pricing ranges for the various commonly procured pharmaceutical and laboratory products in Uganda.
3. To establish the interest and potential uptake/utilization of a technology-enabled and last mile delivery service for wholesale and potential readiness for third-party retail partnerships.
4. To scope out and document the retail prices of the most commonly traded pharmaceutical, clinic and laboratory products/services in the major regions of Uganda.
